U.S. Hierarchy to Honor Pope John

WASHINGTON (AP) — The Hierarchy of the United States will participate in a special tribute to Pope John XXIII in the nation's capital on Nov. 15.

During the annual meeting of the U.S. Bishops there will be a Solemn Pontifical Mass in the National Shrine of the Immaculate Conception on that date to mark the 80th birthday and the third coronation anniversary of Pope John.

Francis Cardinal Spellman, Archbishop of New York, will offer the Mass and Archbishop Karl J. Alter of Cincinnati, chairman of the administrative board of the National Catholic Welfare Conference, will preach the sermon.

Invitations will be extended to members of the diplomatic corps, government officials and the NCWC staff.

The guide also urged parents and other R.C. Livingstone, diocesan director of youth, to limit, "in number and duration," telephone calls by teenagers.

Birth Control Fight Looming In U.N. General Assembly

By ALBA I. ZIZZAMIA

UNITED NATIONS, N.Y. (NC) — The United Nations General Assembly has an especially prickly item to handle with the formal raising of the question of contraception.

The assembly has before it for the first time a formal proposal made jointly by Denmark and Sweden that it take up the question of "populations growth and economic development." The Danish-Swedish proposal is geared toward having the United Nations give technical assistance to birth control programs in underdeveloped countries.

Saudian representatives have urged U.N. action for population control at two sessions of the executive board of the U.N. Children's Fund (UNICEF) last year and this. Sweden also raised the issue at the last two sessions of the General Assembly. This is the first time, however, that a formal proposal has been submitted.

Argentina has declared its unalterable opposition to U.N. involvement in birth control programs at previous assembly sessions. In the U.N. Special Commission this year, representatives of Italy and Uruguay questioned implica-

ions in the "Report on the World Social Situation that population control is necessarily an element in economic and social progress. Their delegations in the past have warned against weakening instead of strengthening international institutions by recommending action to control the birth rate.

The U.N. Food and Agriculture Organization has consistently maintained that the world will be able to feed itself for the foreseeable future. Its five-year freedom-from-hunger campaign, in which international Catholic organizations are cooperating, is designed to determine the extent of the problem of hunger and malnutrition and to promote public interest and action toward its solution.

Pope John XXIII’s recent encyclical, Mater et Magistra, after a conciliatory gesture by the Church’s position, The real solution to the problem of population growth and economic development is not to be found in experiments of the moral order established by God and in which human freedom of choice is a part of man's right to development. Hurricane Carla Smashes Texas Church Buildings

By JAMES J. KELLY
GALVESTON, Tex (NC) — Extensive damage to church property was reported in the wake of Hurricane Carla.

Most of the damage was caused by a tornado spawned by the hurricane, rather than the fierce tropical storm itself. A breakdown in communications prevented church officials from getting an early assessment of property damage. But reports now received give this picture:

The 60-year-old Ursuline Academy here weathered Carla as did the severe hurricane of 1900 and the devastating storm of 1915. But the old building, with its 24-inch-thick brick walls, was severely damaged by the tornado which followed.

SCHOOL DESTROYED

Engineers said the walls can support a new building, but the entire five-story structure will have to be rebuilt. The building housed an elementary school and a high school, each enrolling 300 students. Two other buildings on the property — convent and a chapel — were untouched.

The Cathedral School in Galveston was destroyed. Temporary quarters have been obtained for the 400-student school, and plans are underway for construction of a new building.

The cathedral parish and the automobiles of the five priests assigned there were destroyed. But the priests, sleeping in the rectory only 10 feet away, were unharmed.

FLOOD DAMAGE

The residence of the Christian Brothers of Kirwin High School here was severely damaged in the tornado. None of the 11 Brothers was hurt.

In Texas City, Our Lady of Fatima School and convent were flooded, but the church and rectory a few blocks away were undamaged.

In Freeport, all buildings of the parish were destroyed — a convent and a chapel — were untouched.

Navy Chief Warrant Officer Francis Beardeley, 61, with his bride, the former Mrs. Helen North, are shown after the ceremony holding Teresa, Mr. Beardeley's youngest child by a previous marriage. ‘110% Patriotism’ Not Good For Country, Bishop Says

PEORIA, III (NC) — The “110 per cent patriotism” of many Catholic Americans was scored by Bishop John J. Wright of Pittsburgh at the convention of the Diocesan Council of Catholic Women here.

This devotion, he said, has been a source of weakness as well as a source of strength.

“One of the best things we can do as Christians,” said the prelate, “is discover what things are wrong in our country so that we can improve them in line with God’s will. It’s not a Catholic position, but a pagan position to say ‘My country right or wrong.’”

Bishop Wright said it is astonishing that for all the publicity it receives, “Catholicism is almost an unknown element in the American community.”

Perhaps even more distressing is the fact that the place of Catholicism in the American community is largely unknown to Catholics themselves, even Catholic children,” he said.

In addition to the fact that Catholics in the U.S. are still considered “immigrants,” even though they may have been here for many generations, the ignorance concerning the Catholic Church is part of the tension that exists between the large city and the rural community in America,” the Bishop said.

Catholics, however, obviously feel completely at home at home in the American community, according to the Bishop, as much so that, they seem not merely to have come to terms with the American principles, but sometimes seem to be uncritically and excessively devoted to them.

Bishop Wright illustrated this Catholic tendency in reference to “super-patriotic” organizations current in the nation.

“You can always get more Catholics than Protestants, if you join an organization looking for the impeachment of Earl Warren,” he said.

GALVESTON, Tex (NC) — The only war bond left with 10 children last year is Warrant Officer Francis Beardsley, 45, of Galveston. Beardsley’s youngest child by a previous marriage.

Bryant, Fascell Ignoring Catholic Aid

(Continued from Page 1)

Ida's Governor and one of its congressmen in publicly ignoring the role of our Catholic people in coming to the aid of the refugees with promptness, wholehearted generosity and effective action.

Recently Dante Fascell, congressman from the 4th district, delivered a speech on the floor of the House of Representatives to the prestige of his office and his close relation to Florida affairs gave an air of authority. He outlined in detail the story of the Cuban aid program in Miami since the first refugees came.

Although Mr. Fascell's speech ran for seven legal size pages, and he found time to eulogize the influence of a Spanish language cook book, he found no place or reason to acknowledge that the initial work of aiding refugees was undertaken by Catholic agencies and individuals and is still being carried on in a very effective manner.

In the same vein, Gov. Paritis Bryant has appealed to the federal government to grant aid running into millions of dollars to the public schools for rendering signal service to Cuban children during the past school year. We agree with the Governor that the Dade County School System should be commended for its excellent work in absorbing many of the refugee children and should be helped in its program to continue to educate them.

However, does not the Governor know that in this critical period the 30 Catholic schools of south Florida took a very active part in shouldering this unprecedented burden of education? About 2,000 refugee students were taken into our elementary and secondary schools. This is almost as many as were accepted by all the public schools of the area.

These pupils were accepted throughout the school year, not necessarily at the beginning of semester. A considerable number of lay teachers had to be hired. New classrooms had to be found. Bus space had to be obtained, especially for the very little children. Lunches had to be provided.

All of this represented a tremendous obligation accepted by the Catholic community and successfully carried out. Surely these efforts deserve to be classified as public service of a high order, as a distinct contribution to the community welfare. Indeed, social problems that could have arisen if these children had been forced to roam the streets for lack of supervision and care.

Gov. Bryant made no mention of this contribution. Neither did Mr. Fascell. Neither has suggested, as did a year ago Thomas Bailey, State Superintendent of Schools, that both public and parochial schools should be given financial aid for their children.

Some are inclined to dismiss this suggestion as another attempt, and a rather tricky one, to get Federal aid for education. Those who look at the matter objectively realize there is an entirely different matter at hand here. We are dealing with a sudden, temporary crisis, a strictly emergency matter that demanded quick action and the cooperation of the entire citizenry.

Both the public schools and parochial did their best in this emergency created by the government. Should the one be recognized and the other ignored? Or is it going to continue to be true as Cardinal McIntyre said some months ago that "these children will be discriminated against, because they happen to find refuge in a school that teaches religion as well as ABC's"?

High School Frats Must Go

The Dade County School Board is to be commended for its announced intention of "cracking down" on the so-called "secret societies" prevalent in many of our public high schools. Judging from the newspaper accounts, it's about time that some serious, concerted action could be taken to eliminate the frivolities and it is to be hoped that the School Board will receive the support and cooperation of parents, police and courts it has not been given in the past.

By state law enacted in 1941, these truly juvenile organizations are illegal. They were outlawed as being undemocratic and it is regrettable that the snobbishness, discrimination and
There is an ancient saying that appeals to almost everyone: "God helps those who help themselves." It is an attractive and durable slogan because its truth is heavy with the weight of common sense.

In God's viewpoint, success in life rests on the assumption that God is good, while forgetting that He is also just. But perhaps a greater number of people nowadays tend in the opposite direction. They are so intent on "helping yourself," that they try to do it all and fail to recognize their dependence on God. They face the problems of daily life strictly in terms of their own resources. The idea of God's cooperation is more than merely vague.

A MIDDLE COURSE

In fact they may even have gotten to the point of considering it unmanly or rather spineless to depend on help from above in certain matters, which, they are convinced, should be worked out only by themselves. Because of this attitude, needlessly to say, they are very familiar with failure and discouragement.

There is a middle course between these two extremes. It takes the average person a good many knocks and failures to realize the extent of every man's dependence on God. Our Lord was not merely trying to pad a sermon when He said, "No man can come to Me except the Father draws him." For instance, if one can say, "I believe," to all the doctrines of Christianity it is not because my intellect has reasoned out my faith. It is because God has favored me with a gift of faith whereby a new, brighter light matter how carelessly they live, they console themselves with the refrain, "God is good," while forgetting that He is also just.

For instance, if one can say, "I believe," to all the doctrines of Christianity it is not because my intellect has reasoned out my faith. It is because God has favored me with a gift of faith whereby a new, brighter light than reason is turned on eternal truths that affect our existence.

DEPEND ON GOD

For this gift we are entirely dependent upon God. We cannot give it to ourselves. Moreover, every good thought, word and action demands the cooperation of God. "Without Me," Christ insisted, "You can do nothing." At the same time He gives us the assurance He will never fail to do His part. This, at least, should not be one of our worries.

Secondly we do have to help ourselves, doing our very best as if indeed everything did depend on our efforts. For while God is lavish with His grace towards the well-disposed, He never intends to substitute His action for ours. His part is necessary, but so is ours. He means to supply what is lacking in us, to add strength to our weakness, to perk up our feeble efforts.

All this presupposes, on the one hand, that we are not sitting back idly hoping for miracles, and, on the other hand, that we are not foolish enough to depend solely on our own resources as if we can handle the situation very well, thanks.

All of us can be spared many failures and much grief, if we wisely admit we need God's help in all things. And others will avoid a painful shock by facing the fact that God is not a doting, besotted old man who is so intent on His goodness that He forgets all about His justice.

This same principle of action should be kept in mind as we gird ourselves now to fight communism. We have a great part to do in this battle, but so has God. The devil is surely doing his part in assisting communism, because he has been invited. Let's make sure that God is allowed to use His omnipotent power along with our feeble efforts to preserve the freedom of mankind.

KEYS
Sacrament Of Penance

The “power of the keys” is the governing power which Christ granted to His Church. To Peter He promised: “And I will give thee the keys of the kingdom of heaven. And whatsoever thou shalt bind upon earth, it shall be bound also in heaven. And whatsoever thou shalt loose on earth, it shall be loosed also in heaven” (Matthew 16, 19). Later He repeated this promise to all the Apostles (Matthew 18, 18).

The power of the keys is the power to forgive sins exercised in the sacrament of Penance. Our Lord instituted this sacrament when, after His Resurrection, He breathed on the Apostles and told them: “Receive ye the Holy Ghost. Whoses sins you shall bind, they are bound...”

The penitent, to receive the sacrament worthily, must examine his conscience, be sorry for his sins to a priest and perform the penance which the priest assigns to him. Through Penance, since committed after Baptism are forgiven.

The power of the keys also has a broader significance, representing ecclesiastical authority in its widest scope—the authority possessed in its fullness by St. Peter and his successors, the Pope, and by bishops and priests in proportion to their juridical power.

THE VOICE Miami, Florida
AT THE CYO 'Back To School' dance held for high schoolers last Sunday evening, students chatted on the sidelines with Father Walter J. Dockerill (right), diocesan director of youth activities. The dance kicked off the CYO's social program.

RAIN FELL near the end of the evening but it didn't dampen the spirit of the affair. The CYOers simply moved indoors. Some gathered around a piano to sing some hit tunes.

THE DANCE was held on the patio of St. John the Apostle parish, Hialeah, with the CYO as host.

THE HULLY-GULLY, the favorite of the evening, is demonstrated by some of the CYO experts.

DANCE CONTESTS kept the evening lively, gave students a chance to compare different styles and learn new steps.

THE BEAT of drummer Chico Rodriguez caught the fancy of (from left) Joyce Maguolo, Pat Cahoon, John Bestard, Wally Tryskba and Vince Pessolano. The Starvels supplied the music.

AT THE SODA STAND, members of the Immaculate Conception CYO enjoy a laugh. They are (from left) Don Greenwell, Eddie Radon, Myriam Rentiere, Max Alfred and Joan Zelesky.

PACIFIC ROUND by lay apostles are Mr. and Mrs. Fred C. Guthrie and daughter, Demetra, shown above with Father John Egan, O.P., professor of philosophy at Barry College. The family will work in Multan under the auspices of the Dominican Fathers of St. Joseph Province.

MIAMI COUPLE DEPARTS

Lay Missionaries to Pakistan

Two converts to the Faith who have resided in Miami for the past five years live here Wednesday on the first leg of a one-month journey which will take them to serve as lay apostles in the Dominican missions of West Pakistan.

Mr. and Mrs. Fred Guthrie, who observed the silver anniversary of their marriage last year, have been working as custodian and house mother in Villa Madonna, one of Barry College residence halls. Their daughter, Demetra, will join them in the mission after she graduates with a Master of Science degree from the college in February.

"We expect to make this our life's work," Mrs. Guthrie explained, pointing that their interest in the missions was first sparked years ago by associations with Dominican Fathers and Jesuit priests in New York. Both Third Order Dominican Tertiaries, the couple was baptized in St. Stanislaus Church, Lewiston, Idaho, the same church in which they were later married. They recently decided to leave the U.S. and dedicate their lives to the lay apostolate at the suggestion of Father Pratt, V.D., of The Torch. Under the auspices of the Mission Office of the Dominican Fathers of St. Joseph Province whose headquarters are in New York City, the family will be stationed in Multan under the direction of Bishop Ayub Ali Scheher, O.P., of Pakistan.

Books, knives, linens and other household items took priority on the list of "memorabilia" which the Guthries packed for their trip. A refrigerator, they said will be provided for them by the mission office which also underwrites the cost of their passage to Pakistan. When they arrive in Multan, a house will be made available to the diocese.

More than 15 years training in the fine arts in addition to travels through India, Spain, Portugal, Ireland and Rome, will be of great assistance to Mrs. Guthrie when she assumes her post as a teacher at St. Mary's English School in Multan. Mr. Guthrie, who took with him a complete set of building tools, hopes to instruct the natives in modern techniques of building and to advise them how better to utilize available native materials. Both have been studying Arabic for the past few months as well as history of the Far East and art history.

According to Father John Egan, O.P., professor of philosophy at Barry College, when the Guthries arrive in Multan they will be the first family to serve in the Dominican missions which has an estimated 259 naves per square mile.

"The entire spectrum of Christian life will now be represented there," Father Egan said, pointing out that Dominicans, lay Brothers, clusterted nuns and Third Order Dominican Sisters from Sparkhill, N. Y., already have established a Christian community at Multan. A great part of the Guthrie's work will be "to live as a Catholic family and set an example by the practice of their religion," he said.

United Fund, Civic Drives Aided By Unit Of DCCW

This is the sixth in a series of articles explaining the aims and objectives of the 15 committees which comprise the Miami Diocesan Council of Catholic Women.

Because each part of the United States has its own needs, it has not been possible, up to this time, to establish a national committee for Civic Participation, and each Bishop may determine specific needs in his diocese to which he directs diocesan action.

In the Diocese of Miami, members of the Miami DCCW have for the past few years directed their efforts toward the United Fund which is established in both Dade and Broward Counties; and other worth-while civic drives that are beneficial to various cities and towns within the other 14 countries which comprise the Miami Diocese.

Thus each affiliation president must study the needs of his community and with the members of her board decide on one or two fields in which they feel that Catholic women as a group can do the most good. With the approval of the pastor, affiliation presidents then appoint a chairman and country by organization who will meet with civic leaders and offer the services of the group.

Mrs. Louis Korn of Little Flower parish, Hollywood, diocesan chairman of Civic Participation urges all affiliation members to aid their organization, city, neighbors and country by participating in the fullest in the program of action outlined by their executive directors.

The United Fund in Dade County of which the Miami Catholic Welfare Bureau is a member agency, is now conducting a campaign to enlist the services of 30,000 volunteers for the drive which begins Sunday, Nov. 5. Those wishing to serve are urged to call FR 7-008 for further information.

NEW BARRY freshmen day - students were welcomed to the Miami Shores campus on Sunday by counselors and faculty members as the college prepared to open for its 22nd year. Hostesses during the afternoon were members of Delta Sigma Omega, day student organization.

Natural Feeding Of Babies Urged

Recently a group of women in our town formed a club to encourage and teach young mothers to breast-feed their babies. We found deep satisfaction in this practice ourselves and feel that it provides an ideal atmosphere in which motherly love can grow. It appears that many women do not nurse their babies because they are uninformed or fear ridicule. Do you think this is a worthwhile project? Are we on solid ground in assuming that breast-feeding is a practice that should be promoted?

By FATHER JOHN L. THOMAS, S. J.

You may be interested in learning, Noreen, that several Proper Balance Of Ingredients that should be promoted?

FAMILY CLINIC

Natural Feeding Of Babies Urged

When promoting your project, therefore, you should keep the emphasis on such a merry-go-round. In attempting to modify this situation, some persons have proceeded with all the zeal of crusaders, frequently making exaggerated claims about its superiority over scientifically devised, have created a cultural situation in which the average mother apparently does not even consider the possibility of breast-feeding her child.

Proper Balance Of Ingredients

Although a mother's milk is obviously made for her baby and normally contains the proper balance of nutrients needed for the child's health, one should not make exaggerated claims about its superiority over scientifically prepared formulas. The truth is that children do quite well on the latter, though there is evidence to suggest that mother's milk promotes greater resistance to sickness and is easier to digest. Besides, it is always at the correct temperature.

Second, common sense and modern theories of personality development suggest that breast-feeding should have significant psychological advantages for the infant. Nevertheless, it should be noted that such advantages have not yet been empirically demonstrated, so that one must advance this claim with caution. Reliable studies do show, however, the importance of affectionate handling or mothering, and there can be little doubt that breast-feeding creates ideal conditions for the expression of this contact and intimacy. In other words your program should stress the exceptional advantages of this method for offering much needed mothering.

Over-Estimate Its Difficulties

Third, since many young mothers do not know how to nurse, over-estimate its difficulties, or are afraid to attempt it, stress its advantages without giving them positive and detailed instructions will only increase their anxieties. An excellent little book for this purpose is Breast Feeding by Betty Ann Countryman (Bobb-Merrill Company, Indianapolis, $1.95). Every young mother should have this book, so that she may learn much from reading this book, and you will help it a great deal.

Fourth, your group must be mindful that a minority of women are unable to breast-feed for serious practical, medical, or psychological reasons. Avoid provoking needless guilt and distress by tactfully recognizing this fact. Since attitudes are more important than methods in this matter, a mother should never feel "pressured" or compelled to use other feeding methods. You must be aware of the needs of each mother and take care not to alienate her by forcing her to choose between breast-feeding and artificial feeding methods.

Fifth, you should secure the cooperation of local doctors and nurses in your project. Experience shows that there is a considerable amount of mutual misunderstanding in this matter. Doctors claim that mothers refuse, and nurses don't want to be bothered; nurses protest that doctors won't use their influence with mothers; and mothers insist that medical authorities are impatient or unsympathetic. Your project won't make much progress on such a merry-go-round.

Finally, remember that husbands are part of the family. They too should be informed concerning the aims of your program, for they can play a significant role in its promotion by lending their wives sympathy, encouragement, understanding and emotional support.

Father Thomas will be unable to answer personal letters.

Curley In Opener Tonight Against Favoried Hialeah

An almost all-new Archbishop Curley High football team will open its 1961 schedule tonight, meeting Hialeah High at the Hialeah Municipal Stadium.

The Knights will present an all-new coaching staff headed by George Walker and 10 new starters in the line-up for the contest. Only fullback Ralph Simopetri is expected back from last year's starters.

Rams Seeking Second Win Tackle Alva High Tonight

FORT PIERCE — The St. Anastasia High Rams will be after their second victory of the season tonight when they play their first home game against Alva High.

The Rams edged Father Lopez High of Daytona Beach last week by an 8-6 score on the strength of fine offensive play by quarterback Paul Krause. The game was played in intermittent showers that softened both teams.

St. Anastasia had to come from behind for its victory as Lopez scored on a 62-yard drive in the opening quarter.

In the second quarter Jerry Prunty of Lopez was back in his own end zone to kick and fumbled the wet ball.

HELPING THE Archbishop Curley High came tonight against Hialeah High will be three listeners from the Fradley family, John, Dale and Chuck.

Explorers Take On Conchs In First Gold Coast Tussle

KEY WEST — Christopher Columbus High of Miami is looking forward to the greatest day tonight when the Explorers face the Key West Conchs here in the first Gold Coast Conference Southern Division game for both schools.

Last season, Columbus opened its schedule by being tamed by Delray Beach Seacrest and followed with a surprise victory over Key West. Well, Columbus lost to Seacrest again last week, 6-7, and new hopes that the 1960 pattern will follow through.

Key West opened its campaign against Verona Beach, 4-0, last week.

Coach Pete Aliello was satisfied with the play of his Explorers last week but disappointed at the final outcome of the game, the Seacrest squad getting a safety and a touchdown in the final quarter for victory. "We just gave out," he said.

Aliello was particularly pleased with the play of his two big halfbacks, Clyde Atkins, 155, and Dick Braemer, 180, along with Carter Burdeshaw, 170, and Harvey Brion, 170, guards Larry Makila, 160, and Gary Ryan, 180, and center Bill Harrington, 155.

In addition to Simopetri, Taylor, Paul and Williams, the backfield will have Tim Fitzpatrick at right halfback with Mike Rohan scheduled to rotate fullback with Simopetri.

"We're still definitely on our starting line-up, Walker said," and might make some changes at the last minute."

Walker will attempt to outplay his squad although Paul, Williams and Makila probably will play both ways.

Missing from the game will be Donald Ray, 222, line prospect, who's eligibility cannot be approved by the Florida High School Activities Association until his birth certificate is received.

Hialeah, despite its loss to Florida last week has been picked as game favorites over the inexperienced Knights.

Walker predicted a tough game.

Raiders Face Dragons Tonight

FORT LAUDERDALE — Undefeated St. Thomas Aquinas High will be seeking for its second straight shutout tonight when the Raiders meet powerful city rival, St. Leo High at University Stadium.

Last week, St. Thomas Aquinas turned in its greatest showing in the school's history (one game), the history of Central Catholic (it's predecessor) and of St. Anthony's High (it's predecessor).

The Raiders tied heavily favored Fort Lauderdale High, a pre-season favorite for the Gold Coast Conference title. In fact, it was Fort Lauderdale which had to rally for two fourth quarter touchdowns for the 19-15 deadlock.

St. Thomas completely outplayed its bigger rival by running up 236 yards rushing and 36 passing yards for a total of 252 while Fort Lauderdale was totalling 112.

Veteran Raider quarterback Bill Zillck established himself as a key figure at the conference honors by throwing a 19-yard touchdown pass in halfback Tommy Tight play and by scoring on a 72-yard run.

The third St. Thomas score came on a six-yard run by Mike McMann with 57 seconds left in the half.

The Raiders' line, considerably the most valuable last year's unit was much more mobile and effective and drew high praise from Fort Lauderdale's North.

However, the Raiders will face a tough opponent in the Stranahan team, which loses the luster of last year's success as a result of last year's loss to Fort Lauderdale.

Lopez of Ft. Lauderdale will also be at quarterback while the other positions will be played by the line and with a pair of fine passers, Robert Taylor and Carleton Rissier, a 160-pound sophomore.

VARIOS DIRIGENTES CATOLICOS EN GRAVE PELIGRO PIDEN SOLIDARIDAD CON LOS PERSEGUIDOS EN CUBA

MIA, septiembre (NC).- Un grupo de dirigentes católicos cubanos en el destierro hacen un llamado a sus hermanos de América para que con un gesto de solidaridad protesten contra el ametrallamiento de obispos, sacerdotes y dirigentes del país en nombre de la dignidad humana.

"Oímos la ofensiva y confundir a la opinión pública para hacer de impulso que sea evidente la tremenda represión que existe en el país. 1) Utilizamos el pretexto para una nueva y más terrible persecución religiosa, terror y opresión que ha lantado el régimen comunista de Fidel Castro, precisamente a partir del 8 de septiembre, festividad de Nuestra Señora de la Caridad, patrona de Cuba; di- ce el texto del documento, y continúa:

"El Comité de Católicos Cubanos en el exilio denuncia al mundo la nueva etapa de persecución religiosa, terror y opresión que ha lanzado el régimen comunista de Fidel Castro, precisamente a partir del 8 de septiembre, festividad de Nuestra Señora de la Caridad, patrona de Cuba; dice el texto del documento, y continúa:

"Con este último paso en mente el régimen comunista, después de la consabida campaña de mensajes y delegaciones en todo el país, anuncia que hace responsable de todos los hechos a Masa. Eduan de Rosa Masvidal, un obispo cubanísimo y digno, que habrá la procapla patriótica de sus apellidos y su posición de pastor y guía de la ciudadanía cubana en estas horas trágicas.

"Así mismo el régimen religioso, una serie de nombres de sacerdotes y dirigentes se- gulares sobre los cuales incul- ta ya la sombra del fatal proceso paréndolo.

1. Solidaridad con los católicos perseguidos en Cuba; es pedido nuestra oración, vuestra denuncia, vuestra ayuda, vuestro calor.
2. Envío de cables de apoyo ante el gobierno de Cuba, protestando por el asa trallamiento de procesiones y demás y por el peligro de la población, aún de la minoría co-rrectiva, de la cual son de seguros del catolicismo cubano.
3. Petición a vuestros respectivos gobiernos de una se- clación diplomática efectiva o de protesta pública que sea evidente la tremenda represión que existen en el país.

MANILA, Sept. (NC)—Los problemas más urgentes de la Iglesia Católica en Filipinas, son la falta de clero y templos, declaró el arzobispo de Man- ila, cardenal Rufino Santos.

En una entrevista concedida al NC, el cardenal Santos expresó que "El primer problema es la falta de sacerdotes y de templos en el país. Hay infección comunista, en particular entre los estudiantes." El prelado concluyó, sin embargo, que el comunismo no llegaría nunca a do- minar en las Filipinas.

"Las vocaciones sacerdotiales han aumentado informa des- pués, pero no guardan rela- ción adecuada con el de las necesidades espirituales que trae el incremento de poblaci- ón. El hecho más sobrenatural y significativo del progreso que en el terreno de las voca- ciones señala el catolicismo filipino, es la próxima inaugu- ración en Roma de un Semi- nario propio. El cardenal San- tos y otros prelados isleños asistirán a la bendición del nuevo Colegio el 7 de octubre fiesta del Santo Rosario.

Con relación a las próximas elecciones presidenciales y parlamentarias, el cardenal Santos dijo que no presentan ninguna cuestión específica con relación a la Iglesia. Sin embargo, se mencionó preocupación en el hecho de que algo- nos políticos coquetean con el jefe y fundador de una sec- to antisocialista, Félix Manalo, para lograr su apoyo electoral.

Otra proyección del arzobispo es la construcción del "Cen- tro Pio XII", que será dedi- cado a actividades recreativas y culturales de la juventud.

El cardenal Santos proyecta también dos grandes obras: un diario y una radiodifusora católicos. La Conferencia Ecu- copal del Extremo Oriente, ce- lebrada en Manila en diciem- bre de 1960, acordó el esta- blecimiento de una emisora católica para toda la región, encargándose con tarea al ar- nes de Manila.

Do you ever think of this Sacrament which calls you to be a soldier of Christ? Do you ever make an act of self-denial in order that by crushing the spirit of selfishness the Spirit of Christ may glow more brightly in your life? Have you ever come into the Church because of the Light of Christ which flames forth in your actions?

Have you ever met a Communist? If so, it is likely he tried to do two things: a) destroy either your faith or your morals; b) sell you the atheism of Anti-Christ. Why do the Communists burn while we, at most, carry flacking candles? Fire has two qualities — light and heat. Light is truth; heat is zeal. It seems as if we have the light and no heat, and they have the heat and no light.

As Communism takes over the world by attrition — and it is doing it — we ask what is the government doing about it. The government cannot stop Communism. But you can help to stop it in Africa, for example, by bringing the Spirit of Christ to the Africans before the spirit of Satan possesses them. The best way to do this is not to decide where you will send your $5 or your $5000. Rather, as a member of Christ's Mystical Body, send it to the Holy Father, the visible head of the Mystical Body. He knows where it is most needed. Mass your sacrifices by throwing your torches of zeal into one great missionary bonfire.

Press the olives of selfishness! Burn daily in prayer and sacrifice in order that by crushing the spirit of selfishness the Spirit of Christ to the Africans before the spirit of Satan possesses them. Stir up the Spirit of Christ within you! Trim your wikas! Press the olives of selfishness! Burn daily in prayer and alms that God may be glorified. Any sacrifice you wish to make for the Holy Father will be sent to him through his Society for the Propagation of the Faith. Remember, you are soldiers of Christ!

GOD LOVE YOU to W.P. for $2 One dollar is in thanksgiving for temptation withstood; the other dollar is in reparation for an constant attention to the Holy Eucharist in order that your soul may be saved. Thank you for keeping me in my wise work, and let me say that I am not able to do it as I would wish.

HOLLYWOOD IN FOCUS

Pornography Pirates Rock Hollywood Boat

By WILLIAM H. MOORING

Pornography pirates are rocking the Hollywood boat.

Captains of the legitimate, American movie business expect shock and alarm. They cannot very well pretend surprise. For several years they have been asking for this kind of trouble.

In testimony before the Reusser subcommittee of 1961, I documented the moral decline of movies. "As sure as marijuana leads to heroin," I said, "morally vicious pictures create a market for pornography."

Now the Hollywood executives who resented and ridiculed my statement, have set up a Fact-Finding Committee to decide what can be done to stop this growing "black-market" traffic in naked and girlie-type film pornography.

Nothing was done until Los Angeles County Board of Supervisors, acting on public complaints granted some action.

FACTS ARE PLAIN

The facts need no finding, as representatives of the 3PA, American Legion, Legion of Decency and other civic and religious elements serving this industry committee ought quickly to realize. A plan of action is the urgent need.

The Hollywood Production Code should be reinforced and re-enforced.

Major film companies and theater chains should stop imprinting -- and major theater chains should stop booking -- all films affixed with a Hollywood Code Seal.

Hollywood producers should end the common practice of inserting most into otherwise decent American movies intended for export to certain countries abroad. They should fire a small, well-known clique of studio people who play along with the "last buck," stunt operators.

Film processing labs, controlled or mainly supported by legitimate production concerns, should refuse to print up films not intended for submission to the Production Code. Responsible Hollywood film makers should reconsider where artistic realism ends and pornography begins. Many current movies that are more or less acceptable by mature and intellectually alert viewers, would become unquestionably obscene if certain key situations were continued by a few seconds of progressive action. When it

Repeat Business Shows White-Tite
Customers Are Pleased with Coating
Another White-Tite Roof

REPEAT BUSINESS? WHITE-TITE has that too! The flat tile roof on the home of Mr. and Mrs. Zalinger, 251 N.E. 55th Ter., was coated by WHITE-TITE six years ago. Recently Mr. Zalinger contracted with WHITE-TITE to clean, brush seal and coat the roof again. The Zalingers still are an enthusiastic WHITE-TITE customer.

- “The exclusive WHITE-TITE process takes four days to complete,” says Jesse Scalo, owner.
- “In the first day, the roof is thoroughly cleaned; the second day we seal the roof; on the third and fourth days, WHITE-TITE coatings are applied. The sealing and coating is applied only to a dry surface to insure a perfect bond. Our men are not just ‘put to work,’ they first are thoroughly trained in the application of the WHITE-TITE process at our factory. We introduced a process of cleaning a gravel roof which previously had been bonded with WHITE-TITE. Even under 1,000 pounds of water pressure, the WHITE-TITE coating held the gravel securely in place. The WHITE-TITE process has been developed over a period of 15 years and your WHITE-TITE roof will not discolor during a hard rain, since it contains no cement. We guarantee all work unconditionally for two years and give you a five year warranty. We also coat asbestos shingle and slate roofs.” WHITE-TITE now has two-way radios in all trucks for fast service. Free estimates are given by calling NE 3-8511 or NE 5-3603 in Miami or LU 1-6550 or LU 1-6551 in Fort Lauderdale. WHITE-TITE is licensed, insured and bonded and is a member of the Miami-Dade County Chamber of Commerce.

Federal Aid Issue Expected

To Return After '62 Election

BY JOHN J. DALY, JR.

WASHINGTON (NC) — Con-
gress resisted large-scale Fed-
eral aid to education this ses-
tion, but it is expected that
President Kennedy will return
in that year with more pro-
posals and the battle will be
renewed.

Eight months of controversy
this year on massing spending
for public and private schools
and parochial — ended with ex-
tension for two years of two
modest aid programs.

"IMPACT AREAS"

They are the 11-year-old "im-
acting areas" program, which
gives money to public school
districts enrolling children
den of Catholic schools and to
Public and private colleges
which had been proposed by
President Kennedy.

For the U. S. Catholic Church,
the eight months marked one
of the few times that the Church
has been involved intensely in
legislative before Congress.

PLEA FOR EQUITY

The National Catholic Welfare
Conference and individual pre-
lates, notably Francis Cardinal
Spellman, Archbishop of New
York, repeatedly appeared be-
congress to help public schools
if aid were to be extended pub-
l schools.

Catholic spokesmen ap-
peared before both Senate
and House education committees
to plead for favorable treat-
ment within the limits of the
measure’s provisions on
Church-State relations.

To meet these requests —
echoed by some Jewish groups
and numerous individuals —
Congress settled upon a construc-
tion loan program.

Radio Program Lists
Talk on Discouragement

A radio address entitled "Put
Discouragement to Work" will
be aired four times retracted
in the diocese on Sunday, Sept.
24. The speaker will be Father
killen. Miami, C.P., superior of
the Passionist Monastery and
Retreat House of Our Lady of
Perpetual Help, temporarily located at
Lake Park.

The talk is the fifth in a series
called on "The Hour of the
Crucifixion.

The program will be heard
over the following stations: Mi-
ami’s ROAM, 8 a.m.; West Palm
Beach, WNJO, 9:05 a.m.; Fort
Lauderdale, WXML, 7:30 a.m.,
and Fort Pierce, WIRA, 9:30 a.m.

The legislatures have con-
duced to end the controversy
early again until 1963 — af-
ter the congressional elections
— but it is expected that
President Kennedy will return
in that year with more pro-
posals and the battle will be
renewed.

When we come right down to it, character actually is perhaps the best we can leave after us; it is a wealth that pays un-derstanding; something that can't be rented, borrowed, or bought at any price, even in the finest supermarket.

WHAT WEALTH IS LOST, NOTHING IS LOST; WHEN HEALTH IS LOST, SOMETHING IS LOST; WHEN CHARACTER IS LOST, ALL IS LOST . . .
